More Enroll For New Semester At SA College

The enrollment for the new semester last week numbered 153 students including twenty-six boys and one hundred twenty-seven girls. Of the girls, forty are student nurses. Forty-three new students enrolled this semester.

In addition to the above there are fifty students enrolled in the night classes. This brings the total enrollment for this year to 321 students.

Among the courses which drew the largest crowds are speech, biology, and Spanish. The gym classes for boys and girls each average fifteen or twenty attendants.

Fifty people have signed up for the night classes in pre-flight, bookkeeping, and typing taught by R. W. Emerson and R. Masterson.

Fish to Entertain Sophs Tonight In Rec Room

Freshmen will entertain their upper classmen tonight with a party in the recreation room. The party will feature Valentine and begin at eight o'clock.

A skit will dominate the special floor-show program. Music will be by Mary Duncan, John McMillan, and the Boys Quartet composed of A. L. Banta, A. J. Kennemer, Sammy Moore, and John McMillan.

Miss Cobb has assisted with arrangements.

New Rec Room Committee at Work on Plans

A new recreation room committee was appointed at the February meeting of the Student Council. Wilda Geeslin was named chairman and other members to work with her are Yvonne Einfinger, Mary Duncan, Melva Atkinson, John McMillan, and Mary Parman.

They plan to make various improvements and keep the Recreation Room open at all scheduled hours in the future.

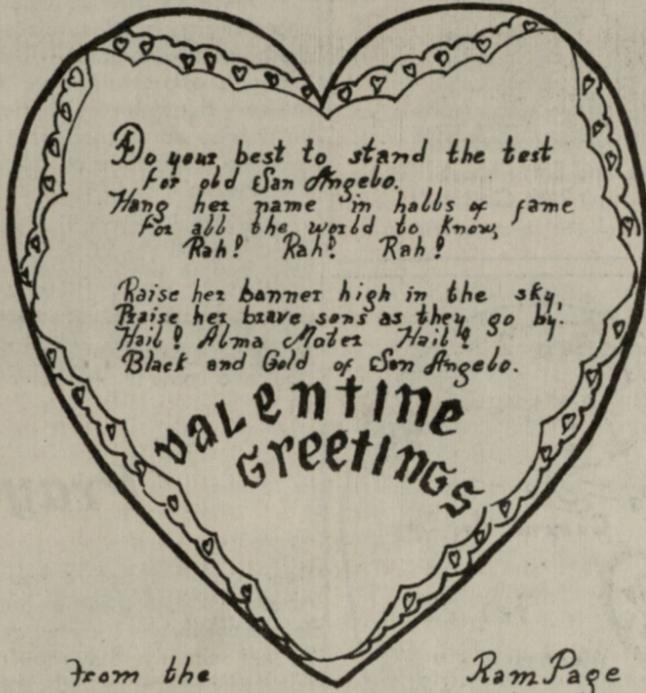

The council is also sponsoring a questionnaire to be presented to the members of the Student's Association soon. A bi-weekly Saturday night recreation program will be considered in the near future by the council.

Eilers Teaches History Class

Mrs. Eilers has been assigned to teach the History 308 class this quarter. The course was formerly taught by C. C. Minitra who has limited his teaching to psychology this semester.

The young reporter was told over and over again to cut his story to the bare essentials. So his next story came out this way: "J. Smith looked up the shaft at the Wallik Hotel this morning to see if the lift was on its way down. It was. Aged 45."

"ALMA MATER"

Varsity Show Near Perfection

The halfway mark in rehearsals is being reached by many acts from the Varsity Show of the year. Numbers by Cathy Dickson, the Chorus Line, and others are nearing perfection. Cranford, Hanks, and Economides and the "Say Hello" group promise a show within themselves.

Elwyn "Evelyn" Alley is actually looking for a girl—with whom to co-star in an acrobatic specialty number.

But there is still more and better entertainment. Watch the bulletin boards for your part.

Grace Moore To Appear in City March 27

Under the auspices of San Angelo College, Grace Moore, noted vocalist from New York, will appear in the city auditorium March 27.

Miss Moore is brought to San Angelo as a feature in the fine art series of San Angelo College. Seats will be a dollar and up with reductions for college students who pay an activity fee.

An empty vessel makes the loudest noise.

New Mid-Year Additions to SAC Come From Scattered Parts of Universe

The new enrollees in SAC come from as far north as New York City and from near-by towns of Stanton, Slaton, Moran, and Ozona. Fifteen regular students and twenty-six new student nurses were added to the Student Body at midterm. A few late enrollments will be included in the next issue. From New York City comes Elaine Deutsch who is studying secretarial work. She is interested in sports and airplanes and has joined the ranks in the girls physical ed class. You'll know her by that speech, no doubt.

George Stanley Brown is from Slaton, Texas and Raymond Herring of Stanton attended school here last year. Raymond has attained an average typing speed with his one hand and is now studying accounting.

Two more out-of-town students are Henry W. Patrick, who hails from Ozona, and blond Berna Dean Harris of Moran. Berna Dean is a business administration major.

John McMillan graduated from San Angelo High School last year and attended the University the first semester this year. He will play some of his original piano selections in the Varsity Show.

Mid-year transfers from SAHS are John Wesley Fox, a red-head; Bill Groseclose, a tennis star; Everett Gilbert Jackson, Alvin Kemper, Donald McGonagill, and Gene Kerley. Harold Clay, the big, learned fellow also from San

Angelo, is majoring in education. A hearty welcome to all of you!

Attendance in Classes Needed

To those who are new or need to be reminded, attendance and promptness to class is necessary. A student is allowed legitimately excused absences from class, but more than three absences, with one of them unexcused, will be followed by a reinstatement exam for the class in which the absences occurred.

Smith Honored Class Shower

Mr. A. A. Smith was recently complimented with a pickle shower given by his 305 Math Class in Room 20. Mr. Smith received twelve jars of various kinds of pickles. The students felt that this was very appropriate because he was very fond of pickles. Every math example was made more interesting by the use of a problem dealing with this delicacy.

Pickles were served as refreshments to the class and honored professor.

What Boys?

By P. M.

Boys in the Varsity Show cast are about as numerous as Germans in Russia, but nobody knows exactly why. Prof. J. Bunsen Burner, of the University of Eola, has advanced these theories:

1. All the boys in SAC are afraid of publicity. Some blonde will beckon if she sees their names on the billboards.

2. These SAC characters are such good actors that they would have all females in the audience swarming over the footlights. They would stop the show.

3. The menfold are unusually susceptible to the rare disease of Barrymorephalentiolytistius, or "actor's bug," which is characterized by dandruff of the eyelash and can only be remedied by putting zippers in the bags under the eyes. This malady is caused by bowing to the audience too frequently.

4. The boys are sissies.

Prof. Burner admits, however, that he might be wrong. Mr. Ardis reports that several more fellows are turning out, and maybe the job can be done. There are still plenty of gaps in the "Say Hello" number, the boy's "hippo" revue, and specialty acts.

Merit Council To Hold Exams For Positions

The Texas Merit System Council announces examinations for positions with the Texas Unemployment Compensation Commission, the State Department of Public Welfare, and the U. S. Unemployment Service will be held March 4, 1944 in various cities.

Applications postmarked before midnight of February 21 will be considered for examinations. Mr. Masterson of this college has further information and details for those who are interested.

Positions open include those of stenographer, key punch operator, apprentice clerk, clerk-typist, field worker, and tabulating equipment operator-in-training.

Hanks Chosen To Head Freshman In Assembly Meet

Betty Hanks was chosen president of the freshman class in assembly Tuesday. Other nominees were Sammy Moore and Edward Caroe. Hanks replaces Felix Probandt who has withdrawn.

For the regular program, John McMillan played piano selections and sang. Assembly was climaxed when everyone joined in for the school song.

Fanny: "Just because a man has money that doesn't mean he's a success."

Sue: "Nevertheless, I'll marry any failure who's got a million dollars."

Goldman Leads High Rankers

Forty-six students won a place on the San Angelo College honor roll for the second quarter, which ended January 29. Burton Goldman of San Angelo was highest in rank followed by Katherine Taylor of Robert Lee, Alma Ruth Joiner, and Arthurleigh Barten, both of San Angelo.

Others making the required B average were Nita Allen, Billye Arnn, Charles Ray Baker, Rufus Burke, Sammy Callison, Edward Caroe, Martha Chapple, Jo Marie Chumley, Billie and Pat Clarke, Jocille Coffman, Ruth Cotton, Nancy Cranford, Jacquelyn Day, Charlene Dean, Charlene Dickey, Cathy Dickson, Mary Duncan, and Anita Dunnam.

Marjorie Foster, Wilda Geeslin, Kathryn Gipson, Jean Goodall, June Holiman, Peggy Jett, Katherine Keisling, Mildred Knollmeyer, Doris Lummus, Mary McLaughlin, Jimmie Meek, Louise Merrill, Henry Moran, Marilyn Munsey, Pat Murphy, Nancy Nye, Patsy Tegart, Alma Werner, Mary White, and Merle Woodland were also named.

Melva Atkinson, A. L. Banta, and Betty Hanks received honorable mention.

Chorus to Sing At Veterans Show

The College Choral Club will make its first important appearance of the year at the Veterans of Foreign Wars Benefit Show on February 15 in the Municipal Auditorium. The chorus will be provided a special stage setting and will wear stage make-up. They will be dressed in evening gowns for their performance.

The chorus will sing special arrangements of "Say a Prayer for the Boys Over There," "Night and Day," and for an encore "The Air Corp Song."

Recent appearances of the Chorus were at the USO on Jan. 26 and at the dinner in the Recreation Room on Jan. 19.

Elkins Attends Meeting in Austin

Dr. Wilson H. Elkins, president of San Angelo College, returned last Friday from Austin where he attended a meeting of the Texas Association of Junior Colleges. He was gone five days.

February 2
On Wednesday, February 2, the day immediately following meatless Tuesday, somewhere in a quiet, secluded spot, the little ground hog, came out, saw his shadow, and stole silently home again. If there is any truth in the old superstition, he will have to wait six weeks for the arrival of Spring.

February 12
Abraham Lincoln, the Great Emancipator, was born on February 12, 1809. "It is altogether fitting and proper" this year that we stop to pay tribute to this man who was the champion of freedom for all races. His words, "that this Nation under God shall have a new birth of freedom; and that government of the people, by the people, for the people shall not perish from the earth" stand before us today as a challenge.

February 14
Saint Valentine, a bishop and martyr of the church, was put to death at Rome for his faith during the persecution under Claudius II, fourteenth of February, 270. On the eve of St. Valentine's Day young people of both sexes used to meet, and each of them drew names of the opposite sex. Each gentleman thus got a lady for his valentine and became the valentine of the lady.

February 22
Again we come to celebrate the birthday of "the father of our country." Time has changed this country that he led through the first hard years, but today we find ourselves in a world conflict fighting for those things that they fought for and that our nation was founded on. We pay tribute to George Washington.

February 29
To the female sex this is the red letter day of the year. Most of them have been waiting three years for the opportunities assured by February 29. Although we cannot be sure, we feel that our SAC girls have been taking advantage of these opportunities. Several have already reached an agreement which will prevent their having to wait until 1948.

Vos, Vostri Amise, Nos Amplissimis Salutamus

Of course my welcome would be framed a bit differently, but a welcome in any language is good for the soul, of both the one who gives it, and of the one who receives it. With all earnestness, may I say that the faculty and students all extend a most cordial welcome to the new students who have just come amongst us, and to those who are returning after a short absence from the halls of San Angelo College? You will find us a bit short on male students, due to the demands of war, but that fact makes us all the more eager to understand and to help all those who are now members of this kindly group of college citizens.

These are strenuous days, you will agree, and fraught with many uncertainties, but they make us more determined than ever "to keep the home fires burning." The WAR will end some day, and the boys and girls who return, have a right to expect us to preserve at home the very things for which they are fighting and dying. It is up to all of us to keep abreast of these changing times, to prepare ourselves to take the responsible places in society, and in the business world that the new order of things will demand.

It shall be our aim to help you find a place in this novel set-up, and fit you in a way to travel along this interesting highway with the least trouble and inconvenience to yourself. You will find us friendly and cooperative at all times, and we hope that you, both new and old, will feel free to come in and talk with us about any of your troubles or problems. Do not wait for introductions—just open the door and come in. We assure you a most hearty welcome.

Prayer of 1944

Dear Lord, I am before thee now this day
Afraid, alone, and sad as one can be.
Before thy throne I lay my grief; my say
So that thine eye may show a path; a way
For lonely hearts to find content's decree;
To follow thee in lights the path to see.

From me he went with tearful eyes not seen;
A heart a million miles away from life.
That look—that chilly touch has cut too keen,
But not of love or life—just that unseen!
A problem it, dear Lord, of worldly strife;
It keeps me from my all—it cuts—a knife!

Dear Lord, I pray that now my peace I find
In some secluded isle, bright land, or spot
Where that I may have joy and peace of mind;
And find a trace of lost love notes unsigned
By times of bleak and dismal filth and rot;
For this I pray, dear Lord. Oh fail me not!

BASEBALL AGAIN

A few Tuesdays ago when the weather was almost like Spring, the girls in Physical Ed. were out on the gridiron using that baseball and bat. Mayo seems to like to swing that bat so hard that the ball flies over the fence, or maybe Miss Mayo is trying to imitate our Champ. Mary White. Well, anyway it was nice to be outside for a change. Won't everyone be glad—more or less—when Spring comes and that nice Spring Fever wears off?

NEW ENROLLMENTS

Since the third quarter is under way, the roll in our class has a few additions and also has a few decreases. The new additions are Dolores Mashburn and Elaine Deutsch from New York. Those who did not appear on the roll are our Varsity Show girls. Well, maybe one cannot blame them. More power to you girls! Also, Corky, our Super-champ, has left us. We'll miss her too much. Some of the familiar faces in the class are Mary White, Kitty Taylor, Dora Hagelstein, Geeslin, Emfinger, McCleery, Hill, Merrill, Mayo, and a number of others. May the third quarter be full of fun as well as some good work outs; and may this column have a say-line from Miss Medley.

Define the Word

If you ever take time to read Noah Webster's famous volume you will no doubt come upon a word that few college students know exists. The few that are conscious of its being know nothing of its meaning. This word is discipline. In the army this word could be spelled with a capital D, but in college recognized as a standard English word.

who are just a little "bad" or "mischievous" and find themselves the subject of an unpleasant situation. We all know what the rec room is for—Don't abuse its use.

With the full cooperation of the student body we can avoid a lot of unpleasantness by defining the little word for ourselves.

There was an old man
And he had a calf.
And that's half;
Ain't that enough? He's got more than most people have!

Nothing ever happens in a small town but what you hear hope there are not many students makes up for it.

Ed's Notes

Now that everyone is back in the routine again, the **Ram Page** extends the new members of our association a special greeting. Incidentally, if you don't yet know the school song, that's it from us to you on page one.

Bartzen, the sole male member of the chorus (accompanist) is still buying cokes, even for the editor! Alley always supplies the chewing gum; don't crowd, stand back girls.

SING-SONG

Singing-minded girls really like the sing spiration hours at Concho Field. That proves that they like to sing, or does it?

Since the snow has melted and grass is growing green—oats too, **Mairsy Doats** and **Slumber** have taken the high spots on SAC's Hit Parade.

ORCHIDS

This time I extend orchids to Miss Hildebrand who helped wash dishes after the super Mexican luncheon. There were more than just a few dishes, too! Take it from me.

DROPEES

Several forces have disappeared from SAC recently to join the armed forces, other schools, or members of the armed forces. Charles Ray Baker has transferred to another school, Corky Kimzey and Marilyn Munsey have joined the ranks of wedlock, and Billie Marney has withdrawn. Martha Chapple has joined the teaching staff at the Shannon Hospital. Expecting military service soon are Felix Probandt, Rufus Burke, Dick Kirby and Sammy Callison.

Kennemer has rejoined the ranks after a slight vacation in Corpus Christi.

Corpus Christi, Tex.—Jan. 12—Kennard A. Moos, son of Mr. and Mrs. Reuben H. Moos, of 1915 Volney, San Angelo, Texas., graduated today from the Naval Air Training Center, Corpus Christi, and was commissioned an ensign in the U. S. Naval Reserve.

He is a graduate of the Jr. College, San Angelo, Texas.

The name "John Bull" referring to Englishmen comes from the pen of John Arbuthnot who wrote the "History of John Bull," 1712.

Know Your Profs as Others Know Them

In this issue we introduce the professors of SAC who have not already been pictured in the Ram Page. They are swell folks—in and out of the classroom.

Leslie Thompson Bare teaches physics and biological sciences in SAC. He received his B. A. from

Ohio State University and his M. A. from Western Colorado State University. Mr. Bare is a great fisherman and at any picnic or style show he is a scream.

Another fond picnic-er and present social committee sponsor is Miss Stella Cobb. Her classroom work is business administration. She received a B. B. A. degree from the University of Texas. In the absence of Mrs. Wilson, she is sponsor for the Lambda Taus.

Registrar E. L. Nunally has been in San Angelo "not more than 150 years" he says. He teaches education and orientation and has done graduate study at Texas University and Harvard. He received a B. A. degree at the University. Mr. Nunally is fond of good music and rythm and is a co-sponsor of Phi Theta Kappa.

Dean C. C. Minitra, teacher of education and psychology, received his B. A. degree at Colorado State Teachers College. He gained his M. A. at the University of Texas. He has been active in San Angelo College for many years.

Faculty advisor of the Ram Page

and the student council and a teacher of chemistry and mathematics are some of the jobs which

keep Mr. P. Eugene Smith busy. He takes many pictures for this publication and was a dazzling feature in last year's style show. Mr. Smith received his B. A. degree at Southwestern University and his M. A. degree from the University of Texas.

A three-year old saw a drunken man "tacking" through the street. "Mother," said the child, "did God make that man?" "Yes, my dear," she replied. The little boy reflected a moment, and then exclaimed, "I wouldn't have done it."

Mrs.: "Hurry, or we'll miss the train."

Mr.: "I wish I'd brought the piano."

Mrs.: "Why?"

Mr.: "Because the tickets are on it."

Larry: "We'll be friends to the end."

Danny: "Sure! You said it!"

Larry: "Lend me a dime."

Danny: "That's the end!"

Politician: "Now ladies and gentlemen, I just want to tax your memory."

Audience: "Good gracious! Has it come to that?"

First flier: "I took off, did a series of loops, went into a spin, and sunk my nose in the ground."

Second flier: "What happened?"

First flier: "I slipped on a banana skin."

Tau Tales

New Lambda Tau officers are: Martha Wood, president; Tinka Atkins, vice-president; Cleo Lane, secretary; Gloria Carter, treasurer; Bess Campbell, parliamentarian; Jane Smith, reporter.

The SAC and SAHS student bodies are invited to attend the dance to be held Friday February 18 at the little house from 9:00 'till? Admission is length of girl's waistline tax included.

Lambda Taus have been wrapping bandages at the Red Cross.

Kimzey, Munsey Trade Studies For Matrimony

Wedding bells beckoned after final exams for two of our SAC maidens. Carlene "Corky" Kimzey, a sophomore, and Marilyn Munsey, a freshman from Tulsa, Oklahoma, became brides Friday, January 28.

Corky, now Mrs. Gano Ellis McPherson, was wed at three o'clock in the afternoon at the chapel at S.A.A.A.F. Gladys Hill was maid of honor. About twenty SAC Collegians attended the ceremony. The couple left for a visit in Chattanooga, Tennessee and are now at home near Scott Field, Illinois.

Marilyn and William Childress were married Friday evening. They left immediately for San Antonio where Mr. Childress is employed by the Civil Service.

It is baseball again for girls in the physical education class which meets on Tuesday and Thursday afternoons. They are not bad to watch in action, but too fast for a camera.

Two Italian businessmen met on a street in Milan.

"How's business?" asked one.

"Very much better," the other replied.

"Better?" cried the other one in surprise.

"Yes, very much better than next year."

Attention, New Students:

I should like to begin by explaining a little bit about the Library. There are around 6500 books in the Library. Included are fiction, drama, biography, reference books etc. We have a great many magazines also.

Come in, look over the library and make use of it. If you want further information, ask Mrs. Madeline Berry, or any of the assistants.

The other day, the mail brought us several new books. We always feel as if Christmas is here when a nice big package of books arrives, and this time was no exception. The contents disclosed these:

THE DOCTOR MAYO, a biography, is a rich story of a partnership of blood, brains and work, unique even in America. It is about the life struggle of Doctors William and Charles Mayo in carrying out the work begun by their father. It tells of their success and reward, the famous Mayo Foundation in Rochester, Minnesota.

KABLOONA by Gontrans de Poncin is a travel book concerning Alaska. Kabloona means "white man" in Eskima language.

Another autobiography is a **SURGEON'S WORLD** by Max Thorek. His world swings from the Chicago slums where he served his first internship to the American Hospital which he helped to build and in which he has long been chief surgeon. He tells of two of his famous patients, Buffalo Bill and Lily Langtry.

A book of photographs is "Literary England," by D. E. Scherman. The photographs are of historic places in English Literature.

A good old Texas book is **ROUNDUP TIME**. It is an anthology of Texas and Southwestern literature.

Walter Lippman's **U. S. FOREIGN POLICY**, is an interpretation of the foreign policy of the United States.

WESTERN STAR by Stephen Vincent Benet is a narrative poem. The first line of this poem is quite significant—"The Americans are always moving on."

CAVALCADE OF CARTOON is a book that will be very popular. It gives the history of the cartoon from 1893 to 1943. It has cartoons of all shapes, sizes and descriptions. All in all, I believe Mr. Masterson appreciates it more than anyone.

There are two books on the front tables in the library and both of them have lots and lots of pictures. One is **WORLD WAR II** and the other is **U. S. STEEL**. They are filled with pictures, oh, boy.

Caller: "I would like to see the judge, please."

Exes Return Home To Wed and Visit Alma Mater Halls

Many ex-students have been home recently on furloughs, leaves, and visits to view their old interests.

Jack Beall, aviation cadet, has returned to California after a short visit. Hollis Leddy of the Navy V-12 is now in Chicago after leave here. James McKinley, here on furlough, declares he's seen the east and now he's going west for a while.

H. C. Mills, an ex-student from 1939, was recently reported missing in action.

Lt. Neill Delaney and Elsie Boehme, both exes, were married recently when Neill was in San Angelo on furlough.

The Ram Page would like to keep in touch with our exes. One need only glance at the service flag above Minerva in the front hall to see that SAC has many exes who are doing their part. Send your news items about ex-students to the Ram Page.

Assembly Sayings

January 25

Charles Ray Baker, a student here last quarter, presented piano selections on the last assembly program of the second quarter. Also featured were Cathy Dickson, who sang "Cuban Moonlight" from the Varsity Show, and the girls quartet singing "Stormy Weather." Dolores Mashburn, Mary White, Kitty Taylor, and Dora Hagelstein form the quartet accompanied by Mr. Ardis.

February 2

The chorus line featuring Mary Parman was seen in action in the first assembly this quarter. New students were introduced by Mr. Masterson. Ola Reville, Jean Tate, Betty Swaim, Patsy Tegart, and Mary Herdman compose the chorus line which is a feature of the coming Varsity Show.

Goodfellow Band

Students in SAC got an added treat during finals when the Goodfellow Band gave two afternoon performances in the auditorium for high school and college students.

The one and only for girls taking phys ed is Miss Beatrix Medley, instructor. Don't look now, but she is camera shy!

White Elected To Head Sigmas

Mary White was elected new president of the Sigma Alpha Chi at the initial meeting of this quarter. She replaces Carlene Kinzey, Marie Baldwin replaces Mary as vice-president. Assuming duties as secretary was Billye Arnn.

Other officers will continue to hold their positions through the last quarter.

Instead of a Spring formal, SAC plans to entertain all students with several informal parties. One of these will be a backward barn dance.

Sigma Alpha Chis have been wrapping bandages at the Red Cross. They will have their pledge

Mother (as the clock strikes three): "My, how that clock strikes."

Of all the words
Of tongue or pen,
The saddest are
BE IN AT TEN.

"Well," sighed the glamour girl, "at last I got in the movies."
"How did you do it?"
"Paid them 40c, silly."
