He soaks a little in each day,
And never gets frustrated.
The night before exams began,
He went out and celebrated.

OFFICIAL PUBLICATION SAN ANGELO COLLEGE

SAN ANGELO, TEXAS, FRIDAY, JANUARY 18, 1957

NO. 8

Second Semester Editors Chosen

Lee Allen and Mary Ellen Davenport will head the editorial staff of the Ram Page second semester.

Bob Franklin, first semester editor, will transfer to the school of journalism at North Texas State College.

Lee, sophomore from Levelland, and Mary Ellen, freshman from San Angelo, were both journalism students in high school and were both editors of their high school newspapers. Lee was advertising manager for the Ram Page first semester, and Mary Ellen was freshman editor.

Lee is an advertising art major, planning on a transfer to North Texas on graduation from San Angelo College. She is completing nine semester hours in journalism here. She is a member of the Press Club and is secretary-treasurer of the Distributive Education Club. She was Miss D. E. in 1955-56. Lee is attending school for the second year on a San Angelo Advertising Club scholarship; she is an honorary member of the club. She worked for the Levelland Daily Sun News and is now employed by the Texas Sheep and Goat Raisers Magazine.

Mary Ellen is a journalism major, and will probably transfer to the University of Texas on graduation from SAC. She is secretary-treasurer of the Press Club. Now employed by the San Angelo Standard-Times, she attends school on a San Angelo School Administrators scholarship.

W. F. McCurdy Speaks At D.E. Fete

Members of the Distributive Education Club were honored with a dinner at Zentner's Steak House last Tuesday night. A chicken dinner was served to members of the club and their guest.

Guest speaker for the affair was W. F. McCurdy, who is Director of Public Relations for the Southwest of Sears, Roebuck and Company. McCurdy, a native Texan, was born and reared at Lancaster, Texas. Mr. McCurdy received his BA degree from Trinity University and immediately went to work for the Sears, Roebuck and Co. His first job was as an order filler. A year later, McCurdy advanced to buyer of farm equipment just before entering the armed services. After serving four years as a fighter pilot in the Air Corps, he returned to Sears and entered retail phase of company activities. After serving as Division Manager of Farm Equipment Store in Harlingen, he returned to Dallas as field supervisor for Farm Equipment for Southwestern Territory.

Mr. McCurdy's main reason for his trip to San Angelo was to speak to the San Angelo Advertising Club at a noon luncheon last Wednesday.

LIBRARY OPEN EXAM WEEK

During the final examinations week the library will remain open regular hours.

Mrs. Ruby Gray, librarian, stated that all books will be due Jan. 16. After that date, she said, library books are on a reserve basis. Beginning Monday, Jan. 21, any over-due book will accrue a fine of 5 cents per hour.

Library hours are 8-12 a.m., 1-5, and 6:30-9:30 p.m. Monday through Thursday; 8-12 a.m. and 1-5 p.m. on Friday, and 8-12 a.m. Saturdays.

NEW COURSES TAUGHT HERE 2ND SEMESTER

Many new courses and a continuation of old ones will be offered during the second semester at SAC.

Sixteen art courses, taught by Mrs. Heddins and Mr. Lancaster will be offered; a large group of mathematics and engineering offers a good selection of those subjects. Mr. Davis, Mr. Hunt, Dr. Lowman, and Mr. DuBose will teach these courses. Chemistry, biology, botany, physics, bacteriology, zoology, and human anatomy fill the science group with Mr. Casey, Mr. Bare, Mr. DuBose, and Mr. Tarter as instructors. Dairying, marketing, poultry production, and horticulture, with Mr. Dooley and Mr. DuBose as teachers, are obtainable in agriculture. Education, child psychology, and applied psychology are under the direction of Dr. Stuart. Mrs. Carter will teach a course in sociology. Economics, government, and history classes will be taught by Mr. Chambers, Mrs. Irwin, and Dean Cox. Dean Cox also teaches a course in psychology. Mr. Walker and Mr. Masterson will teach accounting, shorthand, and business courses. In the English department, Dr. Bludworth, Mrs. Boze, Mrs. Carter, Mr. Dwyer, and Miss Kelly will teach seven or eight different courses. French and Spanish will be taught

by Dr. Fraser. Mrs. Westerman will have six courses in home making. Three courses in journalism, 321, 322, 323, will be offered by Mrs. Carter.

In the field of music, Mr. Black will direct the chorus and teach introduction to music history, as well as teach private voice lessons. In addition to private piano lessons, Mrs. Hedrick will teach freshman music theory. Mr. Davis will direct the band.

Dr. Crosslin, Mr. Bumgardner, and Mr. George will teach courses in sports, recreation, physical training, track, baseball, and health.

Mr. Irwin will teach the speech classes and a class on the introduction to the theatre.

Night classes are particularly interesting. One new course offered is ceramics on Monday and Wednesday from 7-8:30. Business law, remedial English, business English, and developmental reading classes at night offer a good range for students and interested adults, as do general geology, upholstering workshop, and a clothing construction workshop. Popular always are the dual and individual sports for women, business speech, and marriage and family relations courses taught at night.

Miss Vivian Chenault Resigns Post At SAC

The resignation of Miss Vivian Chenault as speech teacher at SAC has been accepted by the San Angelo College Board of Trustees. Miss Chenault is reportedly resigning to prepare her trousseau and to make plans dealing with wedding bells in the near future.

Miss Chenault is concluding a three year teaching schedule at San Angelo College. While here, she has been active with theatrical productions and with Sigma Alpha Chi Sorority work. She is the Sig sponsor and has always been interested in the welfare of the students. Miss Chenault will be greatly missed on the SAC campus.

Medsker Speaks To SAC Faculty

Dr. Leland Madsker, consultant of the University of California, spoke with teachers last week in connection with the Carnegie Research Project.

Medsker is affiliated with the study to determine the effectiveness of the junior college in higher education. San Angelo College is one of about 70 colleges co-operating in this survey.

The project has followed up SAC students, beginning with 1952 freshmen, through their college careers. Results of the first group is now available, Dean Floyd Boze stated, but has not been summarized.

Records were kept of where the students went on leaving SAC, on whether they dropped out of college, and on their success at a four-year school.

Another phase of the research project is in the field of junior college counseling, said Dean Boze. This includes investigating costs, the academic preparation, and overall adequacy of the counseling program in each school.

SAN ANGELO COLLEGE FINAL EXAM SCHEDULE

January, 1957

Time of Exam	Classes that Meet
Tuesday, January 22	1:00 P.M. - 2:00 P.M. TTS
1:00 P.M. - 3:00 P.M.	
Wednesday, January 23	8:00 A.M. - 9:00 A.M. WMF
8:00 A.M. - 10:00 A.M.	11:00 A.M. - 12:00 A.M. MWF
10:00 A.M. - 12:00 A.M.	All English 311
1:00 P.M. - 4:00 P.M.	7:00 P.M. - 8:30 P.M. MW

1:00 P.M. - 3:00 P.M.	

Goodfellow Nephew Greets Eisenhower

Herbert L. Massey was on hand Sunday evening to greet the President of the U. S. on his visit to San Angelo. Herbert accompanied his mother, Mrs. Louise Goodfellow Massey, sister of the late James Goodfellow, for whom the Goodfellow base was named. Herbert and his mother received an invitation to the event from the base commander, and were escorted by Lt. Col. Hall.

Both Herbert and Mrs. Massey met Governor Shivers at a waiting party held at the Officers Club. Mrs. Massey and Herbert were presented with a lifetime complementary pass No. 1 to the base.

Colored movies were taken of the whole event from the time the Massey's left their home until they returned after seeing the President's arrival.

Friday, preceding the President's arrival, Mrs. Massey and Herbert were taken on a tour of the base.

All in all, the weekend proved to be a memorable one for Herbert, as well as for everyone in the San Angelo area.

Students Help "Show To Go On"

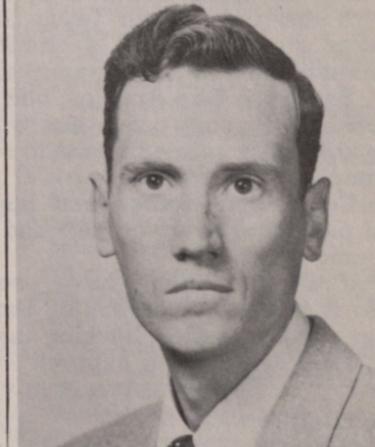

As was once said, "The Show Must Go On," and so the regularly scheduled assembly was carried on Friday without the expected assistance of the San Angelo High School Band. The entire program was changed somewhat as was the location. Instead of listening to marching music in the auditorium, the students adjourned across the school yard to the gymnasium where they watched a very hotly contested badminton game.

Dr. Crosslin was in charge of the program, explaining the rules to the students while the players warmed up. Those taking part in the program were George Shirkey, Bud Montgomery, Sandra Pieser, and Helen Wright.

REGISTRATION BEGINS JANUARY 28

All students intending to register for the second semester are urged to meet in the auditorium at 8:30 Monday, January 28, for convocation and drawing of registration numbers.

Freshmen are urged not to sign up for sophomore subjects.

DuBose Takes SAC Teaching Position

Mr. Edwin DuBose has accepted a position here as an agriculture teacher.

He taught agriculture at South Dakota State College for the past two years. He received his Bachelor of Science degree from Abilene Christian College and his Master of Science degree at the South Dakota school. While at ACC, Mr. DuBose was a member of the Alpha Chi National Honorary Society.

Mr. Black To Lead In Opera Elizah

Mr. Eldon Black, SAC voice teacher, will take the lead playing Elijah in the opera *Elijah* by Felix Mendelssohn to be presented Monday evening, Jan. 21, at the city auditorium.

The only other soloist from San Angelo is Mrs. Hazel G. Bramel, who will sing the alto solos. Other soloists will be Breezy Westmorland of Abilene, Thor, and Gertrude Norman of San Antonio.

This is the second year in a row that Mr. Black has received the bass solos in the choral work presented annually by the orchestra under the direction of Dr. Eric Sorentine.

Other college people are taking part in the chorus. Herbert Lee Massey is choral coordinator. Massey has been responsible for getting the more than 100-voice chorus together, in which most of the leading singers of the city of San Angelo are to participate.

Other singers from San Angelo College are Carol Tidwell, Ronald Miller, Don Dempsey, Nickie Langley, and Alex Nesbitt.

It is felt that this program will attract more SAC students than any of the previous programs this year. The opera *Elijah* is probably much better understood than most SAC students realize. It is taken from the Old Testament of the Bible and tells the story of the heathen teachings and their God, Bail, and Elijah.

—Herbert Massey

Miss Charm To Be Elected Soon

Charm Week at SAC, February 5-8, will be climaxed on Friday, February 8, with a dance and the announcement of the winner of the Miss Charm contest.

Candidates for Miss Charm will be nominated by the clubs on campus. Each girl nominated by a club must turn in her name and a picture to the Home Economics Club by February 4 and will be required to attend the three-day Charm School, which is sponsored by the Home Economics Department and which will be held in the Home Ec Cottage. A different program will be featured by the School for each evening it meets.

A hair-stylist will speak to those attending the school February 5. The program for the second night will consist of discussion about Modeling and make-up and a style show. The last of the school February 7 will feature a panel discussion on one of two topics, "Skin Care" or "What Men Like." Those present will elect Miss Charm to conclude the program. Anyone who desires may attend the school, which will start at 6:15 in the evening and last one hour each night. A door prize will be given at each session.

The Miss Charm Dance will be held in the Ram Room February 8, from 7 to 10 p.m. The tickets are \$50 couple or stag, and street dress will be worn. The Sacsters, under the direction of Mr. J. D. Davis, will furnish the music for the dance, which will have a Valentine theme, and Mr. Eldon Black (voice teacher) will sing. Miss Charm will be announced during the evening.

"Doing What Comes Naturally" Won't Pass That Final

Too often we, as young people, major on the minors and put the first things last. It is a shocking but true fact that too many students had failing grades at 9 weeks. This percent is not entirely freshmen; in fact, many were sophomores too. Let's face facts—some of us just aren't college material. Therefore, we really have to study. Some of the students carry a full class load and work, also. Some just play around too much. Remember—we are paying money for those hours we waste.

A lot of our trouble is our attitude. In fact, the heart of our "sickness" is our attitudes. There we hit a sore spot, and this is where the doctor must operate. Only we can save the patient. If we want to do something bad enough, we find time and space to do it in. Right? There should be a study time in all of our busy activities. If there isn't, we should make time!

It doesn't seem like there is a way to instill the importance of making good grades, studying, and having the right attitudes. Just "getting by" or making a "D" is not good enough for students with normal intelligence. If we give to our classes the best that we have, then the best will come back to us in the form of good grades for a job well done now, and higher salaries and better positions later when we go into business or professional life.

"Crowds" such as these are "over filling" our basketball gym.

Anyone For Basketball?

Evidently not, judging from the turnout of students at recent home games.

Each home game presents the same picture—four cheerleaders, about one-hundred loyal fans and 400 empty seats.

If this were North Texas State, where the homestanding Eagles are winless in 14 games, the public would probably think nothing of a poor turnout on game night.

But this is San Angelo College—home of the red-hot Rams, a basketball team which has won 11 of 12 games, and established itself as prime favorite to conquer the Pioneer Conference championship.

Coach Phil George and his team work hard every day and play hard every game. And what is even better—they are winning.

If we as students have ever backed a basketball team, even if it was yesteryear at Brady, Ballinger, Miles or some other town, let's start backing those Rams now.

They deserve our support.

MARY, QUEEN OF SCOTS CHOSEN FOR CONTEST

The cast for the 1957 contest play Mary Queen of Scots has been selected, according to Don Irwin, teacher in the SAC speech department, and director of plays.

The cast is as follows: Mary Queen of Scots, Carol Lowrance; Queen Elizabeth, Martha Mittel; Mary Fleming, Ann Wicker; Mary Beaton, Suzanne Evans; Lord Moray, Jim Welch; Maitland of Lethington, Roger Lawton; Young Rothven, Don Dempsey, Jamie; Tom Kincade.

The student director is Norma Taylor.

Anita Phillips Wed In Angelo Recently

Anita May Phillips, San Angelo College ex-student, married Sherman Wayne Monk of Midland recently.

While at SAC, Mrs. Monk was president of the art club and a member of the Ram Page staff. She graduated from Sul Ross State College, Alpine, a few weeks ago. Her husband graduated from Sul Ross last spring.

The couple is at home in Midland where he is an engineer with Core Laboratories, Inc.

DEATH MARS HOLIDAY for Harb Muvdi, exchange student at SAC. Harb, George Webb, Bruce George, and Ronald Edwards were riding in the late model Jaguar, shown above, when it went out of control on a curve west of San Angelo and overturned on December 23rd. George Webb is shown being picked up as Ram Page photographer arrived on the scene. Harb has already been loaded into the ambulance. Bruce George, driver of the wrecked car, stands dazed as an ambulance attendant works over Muvdi. George and Edwards were not seriously injured. Webb was still unconscious at last report Jan. 14. He was a student at SMU. Harb, student from Jerusalem, was buried in a San Angelo cemetery. His father and a brother are expected here within a few weeks.

Do Not Ask Teacher For That Final Grade

For final examinations Dean Boze has made several requests of students and faculty members. Instructors are requested to follow the schedule as posted, and not give the students individual exams (including makeup) without written permission of the Dean. Final course grades will be posted on faculty members' bulletin boards by 8:00 a.m., Monday, January 28. Final course grades for all classes will be in the Dean's office by 9:00 a.m., Saturday, January 26. The grade "I" indicates that the student has a valid excuse for not completing the course in the prescribed time. Such an excuse must be recognized and approved by the instructor and the Dean before the grade "I" is recorded.

Students are requested not to contact the Registrar's Office concerning grades. Grades will be mailed to the address furnished by the student as soon as they are ready. Students who want a transcript forwarded are asked to make request in writing to the Registrar's Office now. Forms are available for student needs.

FRESHMAN FAINTS ENROUTE TO EAT

Bill Simpson, a freshman in SAC, suffered an accident in the cafeteria Monday while going to breakfast. Simpson, a graduate from Robert Lee High School, fainted and fell against the wall. As he fell, he hit his nose and broke it. Also, he chipped a tooth which will be removed. An ambulance carried Bill to the Coke County Hospital in Robert Lee.

Niece Of Teacher Dies In Baytown

Peggy Dean Kelly, 17, only niece of Miss Dora Mae Kelly, died Dec. 27 in a Baytown hospital.

Miss Kelly, San Angelo College English teacher, stated that her niece had been in critical condition for approximately 50 days before her death. Peggy, the daughter of Mr. and Mrs. Wayne Kelly of Baytown, was a victim of cancer.

Fred Hartman, editor of the Baytown Sun, compared Peggy's fight for life with the similar losing battle of Babe Zaharias against cancer. Peggy suffered a series of broken bones beginning when she was in the seventh grade. Then, in the spring of 1955, she fell from a bus and this time the bone didn't heal. Even surgery in September, 1955, failed to effect a complete cure. Finally, in April, 1956, the trouble was diagnosed as a form of cancer.

Baytown classmates took Peggy a Christmas tree, and for a month before Christmas, she opened one gift a day. She would have been a 1957 graduate of Robert E. Lee High School, Baytown.

GONE BUT NOT FORGOTTEN

In Memory of Harb

A precious one from us has gone,
 A voice we loved is stilled,
 A place is vacant in our school
 Which never can be filled.

God in his wisdom has recalled,
 The boon his love has given,
 And though the body slumbers here
 The soul is safe in Heaven.

Dearest Harb, thou has left us,
 And our loss we deeply feel,
 But 'tis God that has bereft us,
 He can all our sorrows heal.

Yet again we hope to meet thee,
 When the day of life is fled,
 When in Heaven in joy to greet thee
 Where no farewell tears are shed.

Peaceful be thy silent slumber,
 Peaceful in thy grave so low;
 Thou no more will join our number
 Thou no more our sorrows know.

Yet again we hope to meet thee,
 When the day of life is fled,
 And in Heaven with joy to greet thee
 Where no farewell tears are shed.

— Eddie Kirkham

ART DEPARTMENT IN NEED OF MALE MODEL

The Art Department needs a male model for the life drawing class nine hours each week. The class meets from 1 to 4 Monday, Wednesday, and Friday, and the model is needed for each class.

The pay is .75 per hour. Interested men are requested to interview Mr. Lancaster of the Art Department at once.

SECOND TERM,
 SECOND CHANCE

RAMS CLUB DECATUR, COP HOWARD MEET

By BILLY ALEXANDER

After defeating Wharton and Amarillo, the San Angelo College Rams went on to win the Howard County tourney. The final win came over the Decatur Baptist in the championship finals.

The Rams rolled easily to the victory in walloping the Baptist by a score of 76-55. SAC held a 33-18 margin at intermission, and the final period saw Coach George use all of his reserves.

Phil Addison led the Rams in scoring with 16 points, but five more Rams hit the double figures. Jay Hawley had 12, Bill Jiles 12, Larue Robinson 10, Milton Nickel 15, and Don Koonce 15. In all, there were 11 Rams to make the scoring column. Decatur was paced by Horace Thompson who had 16 points to his credit.

Besides the three tourney wins, the Rams also placed two players on the all-tourney team. Jay Hawley was chosen outstanding player of the

tourney while Frank Trevino was named to the mythical five also.

Others being named to the team were Carroll, Cone, and McGulvra all of Lon Morris; Clak of Howard County, Davalos of Wharton, Boyter of Amarillo, Klingaman of Schreiner, and Guice of Decatur.

Amarillo defeated Schreiner for third place; Howard County topped Lon Morris for fifth place, and Wharton defeated Odessa for seventh place.

Rams Down Ranger In First Loop Game

The San Angelo College Rams opened Pioneer Conference basketball play Jan. 9 by romping past the Ranger cage team by an overwhelming score of 83-51.

The Rams led 41-25 at intermission and from there, they breezed to their 11th victory in twelve starts. As they have done the whole season, the Rams displayed the same balanced offense that they have been using the entire season.

Eleven SAC players broke into the scoring column with five hitting the double figures. Frank Trevino led the Rams with 15, closely followed by Jay Hawley with 13, Bill Jiles with 12, and Rex Rarden and Phil Addison with 10 each. Budda Canutson led Ranger with 21 points.

In other games played last week, the Rams, led by Jiles with 18 and Hawley with 17, rolled past the Goodfellow Air Force Skyhawks by a score of 94-71. This was their second win over the Hawks this season. The top scorer of the game was Bill Hale with 26.

In a game played last Saturday night, the Rams defeated the Howard Payne Freshmen by a large score. This was the second win over the Freshmen and their twelfth victory of the season.

Cage Team Elects Susan Sweetheart

Susan Carroll was chosen basketball sweetheart recently.

Coach Phil George's basketball squad elected the freshman from Menard. She is a cheerleader and a member of the Spanish Club and the Rodeo Club.

Susan was the elfin "spark" of the Home Economics Department's style show presented last fall. She is a liberal arts major.

Annual Progressing At Excellent Rate

Progress on the Rambouillet, SAC's official annual, has come along nicely under the watchful eye of editor Margaret Dehnel and staff. Thus far 100 planned pages have been completed which makes up over half of the annual.

The cover for this year's annual will be something really different, both in design and color, following a modern trend.

Work will be completed on the annual by March 15. This arrangement will permit Newsfoto to complete its job by the middle part of May when the Rambouillet is made available to the students here at SAC.

POOR ROBERT'S ALMANAC

By BOB FRANKLIN

Norman Roberts, one of the greatest athletes in San Angelo College history is now in the twilight of his career as a blue and gold warrior of the gridiron.

Roberts has played three years at right end for Coach Max Bumgardner's San Angelo College Rams. In his first year Norman was a good end, but he had much to learn. In his second year, and in the season just ended, Roberts made a name for himself.

Both years, Roberts made first team Junior College All-American, All-Texas, and All-Pioneer Conference. In the just completed 1956 season, he caught 36 passes. His nearest competitor in the conference was Tarleton State's Clyde Nooncaster who grabbed 22.

The University of Tulsa wants Roberts' talents despite his having only one year of eligibility, should he choose a Missouri Valley conference team. Hardin-Simmons also wants his sure hands on their team although he can play only one year at that school.

Norman can play two years at Lone Star conference schools and he is seriously considering Sul Ross and East Texas State.

Roberts wants to play pro football some day, and then coach. He has had an offer from the Green Bay Packers to try out for their team, but he wants to get his degree first.

In the Junior College All-Star game played at Jackson, Miss. in December, Roberts and tackle Davis Parrish of Compton, Calif., were co-captains for the West. Roberts made a key pass catch with less than two minutes remaining in the rain-soaked melee, which led to the winning touchdown. The West won 7-6.

Making All-American and being elected captain of the All-Star team are Roberts' greatest thrills as an athlete.

But his greatest thrill, he says, was when, "Hat said she would marry me."

Roberts was married to Hattie Jane Miers about two months ago.

* * *

Here are a few notes while wondering why the University of Houston is not considering Adlai Stevenson for its now vacant head coaching position . . . Wilt (The Stilt) Chamberlin, the 7-foot sophomore sensation from Kansas has Big Seven coaches near panic trying to invent a way to contain his 7-foot frame on a basketball court. Oklahoma head man Doyle Parrack has the most logical solution, "Just be petient," says Parrack, "He'll graduate." . . . Attendance has been poor for SAC Ram home basketball games all season. Why not come out and see the boys in action? They have a 12-1 record. One of our fine campus clubs could probably gain prestige by promoting an attendance contest between all clubs. It would be evident which club has the most school spirit if we knew what per cent of each organization came to the games . . . Bill Hart, who has been covering SAC athletics for the San Angelo Standard-Times the past two years, will move up to the sports editor position on the Temple Telegram next week. Bill has given us good publicity in the city publication, and we all wish him well in his new endeavor . . . In the recent Eden High School basketball tourney, Melvin's Bulldogs had possession of the ball coming down court with a three on one situation against Rochelle's Hornets. Melvin Coach Randy Owens stood up and shouted to his boy frantically dribbling down the sideline, "Take your time; take your time."

With the three on one still prevailing, the Melvin dribbler came to an abrupt halt, tucked the ball under his arm, showed the two hand T signal and shouted, "TIME." Coach Owens said nothing. He just sat — with his head in his hands . . . Ram football captain Ronald Adams of Brownwood will transfer at mid-semester back to his hometown Howard Payne College where he will play next fall. Adams, who made All-Pioneer Conference and All-State tackle, will operate the college swimming pool during the summer . . . Incidentally, we think Adlai should be considered for the Houston coaching job, because he has a reputation for losing only once every four years.

Dean Floyd Boze discussed with freshmen orientation students the problems of Communist brainwashing. A final exam had originally been slated for the Jan. 7 class. Emphasizing that neither physical torture nor drugs were used to influence Americans captured during the Korean War, Dean Boze explained that brainwashing "is a weapon in the war of ideas." One of the main items in this arsenal of ideas employed by the communists is the concept of self criticism. When a man is forced to expound his faults and the faults of his buddies for an hour a day, Dean Boze emphasized, he eventually comes to believe the things he says. Mail control was another weapon employed. Letters were not censored; rather, they were sent through in their entirety if they contained bad news but not delivered at all otherwise, he said. Dean Boze taught the class in the place of Dr. Cavness, who was ill with the influenza.

DEAN BOZE TEACHES BRAINWASHING IN CLASS

Dean Floyd Boze discussed with freshmen orientation students the problems of Communist brainwashing. A final exam had originally been slated for the Jan. 7 class.

Emphasizing that neither physical torture nor drugs were used to influence Americans captured during the Korean War, Dean Boze explained that brainwashing "is a weapon in the war of ideas."

One of the main items in this arsenal of ideas employed by the communists is the concept of self criticism. When a man is forced to expound his faults and the faults of his buddies for an hour a day, Dean Boze emphasized, he eventually comes to believe the things he says.

Mail control was another weapon employed. Letters were not censored; rather, they were sent through in their entirety if they contained bad news but not delivered at all otherwise, he said.

Dean Boze taught the class in the place of Dr. Cavness, who was ill with the influenza.

COUPLE MARRIES

Barbara Branham, San Angelo College sophomore from Winters and Bill Buchanan, also of Winters, were married during the Christmas holidays in Carlsbad, New Mexico. The couple is making its home here in San Angelo where Bill is employed by one of the local oil companies.

WOMEN'S CLUB MEETS TONIGHT

The monthly meeting of the Faculty Women's Club will be held tonight, January 18 at 7 p.m., at the Little Mexico Cafe. Mexican food or fried chicken will be served. Betty Hanks, last summer's ambassador to Spain, will show her slides and tell of her trip. Mrs. Delbert Tarter is in charge of reservations.

Rams Leaving SAC At First Semester —

Rams leaving San Angelo College at the end of the first semester and places they mean to enroll are as follows:

Frank Minton—East Texas State Teachers College; Commerce, Texas.

Bud Montgomery—North Eastern Oklahoma State College, Talaqua, Oklahoma.

Bernie Hagins — North Eastern Oklahoma State College, Talaqua, Oklahoma.

Bill Webb—University of Tulsa, Tulsa, Oklahoma.

Gerald Loyd—Stephen F. Austin, Nacogdoches, Texas.

Ronald McMullan—North Texas State, Denton, Texas.

Bill Schrader — Howard Payne, Brownwood, Texas.

Ronald Adams — Howard Payne, Brownwood, Texas.

Norman Roberts — University of Tulsa, Oklahoma, probably.

Kenneth Scott — Hardin-Simmons University, Abilene, Texas.

Bill Thomason—Stephen F. Austin, Nacadoches, Texas.

Spike Dikes—Undecided.

Chief Jeffcoat—Northeastern Oklahoma State College, Talaqua, Oklahoma.

Fred Arnold—Texas University.

Lee Allan Jones—Texas Western, El Paso, Texas.

Bobby Joe Walker—Texas Tech, Lubbock, Texas.

Bobby Joe Smith—Undecided.

Gary McElroy—Abilene Christian College, Abilene, Texas.

George Shirkey—East Texas State Teachers College—Commerce, Texas.

Billy Weldy—Undecided.

Tommy Humphrey — Stephen F. Austin, Nacogdoches, Texas.

Jackie Hathorn—Stephen F. Austin, Nacogdoches, Texas.

Robert Webb—Stephen F. Austin, Nacogdoches, Texas.

Those returning to SAC are: Ed Featheringill, Jesse Wade, Arbie Holden, Dwain Sanders, H. A. Cowan, Bob Henderson, Rex Rear-don.

SACsters Invited To Tennis Tourney

FOGLE ENGAGED

Wayne Fogle, San Angelo College sophomore and a distributive education major from Odessa, and Janenne Powledge of Midland became engaged during the Christmas holidays.

NO PRE-REGISTRATION FOR SPRING CLASSES

San Angelo College students are inquiring about pre-registration this semester for spring classes. Dean Boze has announced that there will be no early registration this year, inasmuch as last year's early registration caused many headaches and did not work out as well as was expected.

Registration will take place January 28 and 29, and classes will start Wednesday, January 30.

The SACsters with Peggy Abbott make Sul Ross go into overtime play for victory.

SAC Girls Topple To Sul Ross 51-50

The San Angelo College girls basketball team went down to defeat at the hands of the Sul Ross girls last Saturday night by a slim margin of 51-50. The game being tied at 48-48 at the end of the regular time was forced into a two-minute overtime. Peggy Abbott led the SAC girls with 24, and Doris Massey was second with 16 points.

In the volleyball games, the Sul Ross girls were also victors, defeating the local girls in two of their three games. Sul Ross won their two games by scores of 15-0 and 15-5, while the SAC girls won by a margin of 15-6.

Fem SACsters Win Basketball Game

The San Angelo College girl's basketball team defeated the Telephone Company January 8 in the local gymnasium by a score of 57-37. Using all available players, the SAC girls immediately ran up a high score. Peggy Abbott was high for the local girls with 31 while Jean Bowers hit 13 for the girls from the Telephone Co. On the defensive end of the court, all guards for the SAC team played a bang-up game for the college team.

More Americans have cameras than telephones.

CLUB NEWS

B. S. U.

Terry Dover was elected president of the Baptist Student Union in the organization's first regular meeting Tuesday night. Other officers are: first vice-president and membership chairman Peggy Mackey; second vice-president and social chairman Ruth Breazeale; third vice-president and devotional chairman Lynda Kay Parsons; secretary-treasurer Shearly Alexander. Mr. George Hunt is faculty advisor for the group.

D. E.

The D. E. Club met January 9 in order that its picture could be made for the year book. Members also voted to co-sponsor a dance with the Home Economics Club to be held in the school cafeteria on February 8. A committee was appointed to work out details with the H. E. Club members.

R. B. Dooley Gives Banquet Address

On January 14, Mr. R. B. Dooley, SAC agriculture teacher, spoke at the Coleman Livestock Show Banquet. He spoke on the subject: Changing Agriculture and its Challenge. On the same day CBS carried a report with the title WORLD REVIEW, heard over KRLD, featuring Mr. Dooley. This program contained drought reports related by R. B. Dooley, agriculture department, SAC; Herman Carter, Midwest Feedyard; Porter Henderson, Implement dealer and president of SAC Board of Trustees; Pat Bunnell, Grocer, Paul Lasen, Banker; M. C. McCarroll, Farmer; and Mrs. Larry Johnson, Housewife, a graduate of SAC.

COMING EVENTS

- Jan. 18—Assembly; Lake View High School Stage Band.
- Jan. 22—Beginning of exams.
- Jan. 28—Registration starts.
- Jan. 30—Classes begin.
- Feb. 4-8—Charm Week.
- Feb. 8—1st Ram Page of new semester.
- Feb. 8—D. E. Day; 150 to 200 area high school D. E. students will be on campus.
- Feb. 9—The two sororities will have a joint presentation dance at the Town House.
- Feb. 13—Last day for registration.

Langley And Babb Speak To City Club

Niki Langley, freshman student from Carlsbad, and Bob Babb, freshman from San Angelo, were main speakers at the Business & Professional Women's Club last week.

Niki, dressed in a Mexican costume, told of her life in Mexico. She stressed facts about the wrong impression that American tourists sometimes give in foreign countries. She also showed slides of life and customs in Mexico.

Bob showed Japanese costumes and discussed the friendly feeling Japanese have for the United States since the last war. He showed slides of his life in Japan.

The speakers were introduced by Mrs. Frances Carter, SAC journalism teacher.

BEHIND THE BILL

With BARNES & CO.

By Mary Ellen Davenport

Fashion, as far as some of the men around here are concerned, seems to be a mysterious, unintelligible subject shrouded in the hazy clouds of the feminine mind.

Well, that all depends. On whether or not you know what we're talking about. Therefore . . . read on, gentlemen, and be enlightened masters of fashion henceforth—maybe. . .

* * *

The first thing you have to learn is that a girl's waistline is not necessarily the smallest part of a girl's middle. It's anywhere the designer wants to put it—and sometimes they just leave it out entirely. The highest waistline, just below the bosom, is the Empire waistline. High style during the Napoleonic era in France, it has been high style in the U. S. for several seasons now. The next waistline is the normal waistline, which is either fitted or loose. Then, below this, are waistlines just about anywhere down to the hips. The waist is where you find it. In the princess style dress, the waist is nonexistent, but the bodice is lightly fitted all the same.

* * *

Where are all these "things" made up, designed, created? First, in Paris, France. Then, in New York City, U. S. A., they are modified to meet the needs of an American feminine population that wants to look something like last year and the year before. The next fashion center is Dallas, where you'll find fall fashions more suited to hot Texas September weather, and spring woolens very sheer and light.

* * *

One very important fashion note—both fall and winter, '56, and spring, '57—is the blousson. Have you ever noticed a girl wearing a skirt and blouse when the shirttail needed to be tucked in? Well, that's blousson . . . only it's that way on purpose. You will even notice it in hair styles.

Orientation Exam Given Monday

Final examination of Orientation III was held Monday January 14. The course was based on the PQRST method of study. Students who studied and organized the information in this book received much benefits. It is the first time in the history of the school that letter grades have been given in Orientation.

The PQRST includes and means Preview, Question, Read, State, and Test.

Botanists Show Wildflowers Here

Next spring, motorists passing along Ave. N will be able to view a representative display of Texas wild flowers growing in front of the San Angelo College Science and Agriculture building. The originator for the wild flower garden is the college's professor of biology and zoology, Glenn Casey. Already science students have been overheard making reference to the inconspicuous strip of land lying along Ave. N as Casey's Cactus Corner.

Various species of cacti and yucca will be exhibited in the garden. Many species of flowering plants have already been planted, including bluebonnets, dotted gayfeather, crownbeard daisy, and the sunflower.

Mr. Casey said that the main purpose of the wild life garden is to provide botany students and other interested parties in the city with a convenient, yet interesting means of studying plant life.

"Your host with the most"

Lost, a brown Ronson cigarette lighter initialed D L G in the science building. If found, please contact Donna Lee Greenwood, Phone 21409.

Council Convention Slated Feb. 22-23

Representatives of the San Angelo College Student Council will attend the Texas Junior College Student Council Assn. Convention to be in San Antonio Feb. 22-23. San Antonio Junior College is host school.

Officers of the convention were elected at the 1956 meeting at Odesa. Kilgore Junior College is president; San Antonio Junior College, vice president; Amarillo College, secretary-treasurer, Howard County Junior College, parliamentarian; and San Angelo College, "Bulletin" editor.

Eddie Kirkham and Margaret Brown, SAC student council reporter and secretary, met with the TJCSA executive committee in Austin last November to discuss plans for the February convention. They will meet again the day before the confab to iron out last minute details.

Germs Play Havoc With Faculty

The flu bugs have been unusually friendly with the SAC faculty recently. Practically voiceless, Dr. Cavness has been ill and out of school a few days recently. Aching and wishing he could stay home, Mr. Walker has battled the germs unsuccessfully stating, "I'm just too tired to be mean."

Dr. Fraser returned after a ten day sick spell looking thin and gaunt from a sojourn in the hospital with intestinal flu.

Perhaps the most unusual of all the faculty illnesses has had Mrs. Hedrick for its victim. She has been covered with itchy, disfiguring chicken pox and has been thoroughly miserable. "She looks awful," said Mrs. Heddings, after a recent visit.

"Little Doc" Crosslin too, has suffered from a bad case of flu.

The Employees of the Village Ice have enjoyed serving you the college students in the past and hope to serve you in the future.

You-Your Doctor-Your Pharmacist

When you're ill—really ill—you waste no time in calling your physician. After he diagnoses your trouble, he almost invariably writes a prescription. That prescription may look like "Greek" to you, but it will make sense to us. With it, our trained pharmacists can prepare the exact medicine your doctor wants you to take. In order to fulfill our part, we stock the newest and best pharmaceuticals and other health needs. For prompt, efficient, professional service, bring your next prescription here!
