

March 4, 1945

Dear Mother,

Yesterday I received your letter of February 18th. It had a picture of Betty in it which I like very much.

As I had the day off yesterday I went in to see Jean. After taking some pictures we spent most of the evening putting some pictures in her ~~album~~ album. She is getting along fine. Mother I do not know the sizes of her clothes but I will get her to tell me for you.

Next Sunday we plan to spend the day on the beach. It will probably be a little too cold to go swimming though.

[page 2] For the last three days we have had very nice weather in the evenings which makes lots of flying.

Have you ever heard from the fellow who said he was going to write to you? I ought to hear from him again before long.

Today is Sunday so there won't be any more mail but I have several letters to answer so I'm going to close for this time. Hoping to have a lot of mail Monday.

Your Son,
Tom D
