

Dear Mother,

No letters from anyone today. I haven't had but one letter all week and that was from Betty yesterday.

Today it has been rather cool again. We really haven't had much warm weather this summer here yet.

I have a picture taken yesterday afternoon that I will send you the next time I send you an air mail letter.

Have you ever been able to get me a fountain pen or any more films? I guess Jean and I will take that roll of films Sunday if it is a nice day.

How are the folks at home? Is Daddy working hard? Betty said that she liked her work pretty well.

Your son,
Tom
