Dear Gertrude,

I got your card this morning. It has been raining all night & all morning. It was cloudy all day yesterday. We did have two pretty days this week. I go over to the 393 to mail call everyday and I got momas letter. So for I like the 308 better than the 393 but tomorrow Sunday and I will really find out how they are on passes. We have our final in Carboron tonight and start test blocks mon if I pass. I dont know what shift I will be on but I hope to get a day shift I will write a letter Mon.
