Hon. O. C. Fisher,
M. C.
Washington, D. C.

Dear O. C. :-

Was glad to have a line from you, the envelopes were received and delivered as addressed, with further reference to additional box holders and patrons receiving mail from different sources, there are 825 Post Office box holders, 24,000 stops on city carrier routes and 5,000 patrons calling at General Delivery, this will give you a fair estimate of the families supplied in city.

At any time you want any information that will be of help to you, please call me as it will be a pleasure to serve you. We are dry and looks kinder drouthy for the year. I know that you are busy and have many problems which I wish you great success in haddling. With kindest regards to Miss Ruby and Friend Grady, I am,

Your friend,

Postmaster.
