

England

Dear Mother,

Today I received your letter of the 19th which you mailed on the 20th. On the 29th I went on liberty. I had a good time looking the place over. I also got my first haircut from an English Barber. As I haven't looked in a mirror since I do not know what it looks like. I saw an American picture "Heaven Can Wait" which was good. When I came back from liberty one of the fellows had brought me 15 letters which were transferred from Oceana. This is the first chance I have had to write so I am going to try to get some of them answered. Hope everyone is well.

Your son,
Tom D
