Dear Mama,  
 I haven't received a letter in a week now and I haven't got but one in three weeks. Everything is about like it was the last time I wrote. I don't go to town much because there isn't much to do. I hope to get to go to London soon. I am going away to school for a few days soon. I got a flashlight through the supply but they may take it any time. The weather has been very pretty for several days. We have good laundry service here except it take a little time to get it back. I hope to get a letter soon and I will try to write more often.  
 Love  
 Norman
