

April 11, 1945

Dear Mother,

Your letter of April 8th came today. I was very glad to receive the pictures of Sierra Blanca.

Today I have been in Whales.

Tomorrow is my day off so I'll be glad to go into see Jean for a couple of hours. She has probably written to you again by this time.

If Daddy make the yard three feet under that will make it pretty [page 2] nice. Did the picture you took of the plant come out good. That is something Jean has never seen.

This is a short letter but I want to drop a few lines to Jean before I go to bed.

Your son,
Tom
