Dear Mama,

It's 11:37 O' clock helbros watch time. It's a little cool out but the sun is shining bright. I got a haircut this morning.

When the inspecting officer came through the barracks this morning, he said my shoes looked nice. I do have a good shine on them. We have to be in by 10:00 on Sun. night and can't be in the field till 5:00. I guess I can still get off for church anyway. I did last Sun.. Instruments are interesting but there is going to be a lot of figures to rember [sic].

It's 11:45 now
