Dear Mother,

I was very happy to receive two letters from you last night and then three more today. A picture of Walter and one of Jean & Joe were in one of the letter [sic] which came today. Jean doesn't look as nice as she use [sic] to. She promised to send me some pictures but she hasn't or rather I haven't received them maybe I should say.

[page 2] Up to date I have received one roll of one twenty film from you. I haven't taken any of them yet. Last night I was with Jean. She received your letter yesterday morning and seemed very happy over it. She also liked a couple of handkerchiefs Julia enclosed in one of her packages to me. The chocolate candy was allright [sic]. I liked it.

I hope you get along all right after having your tooth pulled.

Your son,
Tom
