

Wendover Field, Utah  
June 15, 1942

Dear Mama,

Well I'm working all night tonight only I don't have to do any thing but sleep. Someone has to be here all the time so tonight is my night. St. Buttler came in a few minutes ago and said all of us that came in from Keesler field was going to be assigned to the Sub-Depot tomorrow so that means we will get to be on the line soon. I may stay just where I am I mean do the same work I'm doing now. I will know more about it tomorrow so I may write then again. ~~The~~

The weather is funny here. Sometimes it is hot then it turns cold. The wind blows a lot in the evening and at night. I don't remember any of the questions you asked me in

the card that I forgot to tell  
you I got yesterday so I can't answer  
them.

If I could type I would type  
this letter. I started to type one  
and after half an hour I had about  
1/2 page or ~~less~~ less so I gave up.  
Well I got to close and write  
I m.

Norman
