Dear Mother,

Last night when I came back from liberty I heard the news about President Roosevelt's death. I was very sorry to hear it.

I went to town yesterday expecting to go to the town where Jean works. I had a couple of hours before I caught the train so I went up to see her mother. When I got there her sister asked me to go upstairs and get Elaine's (the baby) coat off of her bed. What did I find instead of the coat? Jean had come home the night before with ..... Monday she will be going back to work though.

This is really a nice day. The sun is shining brightly. I wish I could go swimming but it is not quite warm enough.

I had a letter from Aunt Annie. She is good about writing.

Tonight I have a watch so I won't get much sleep.

Your son,  
Tom
