Dear Mother,

Yesterday I received your letter of the 10th which was the quickest I have had a letter in a couple of weeks.

How is Granpa feeling now that he is at home? I hope that he gets to feeling better.

Did Julia like her birthday cake that Betty made for her. [sic] This afternoon I mail [sic] the bracelet that I made for her. I also mail [sic] you a picture. Don't pay any attention to the Ensigns hat. I only had it on [page 2] for fun as the photographer was only trying out his camera.

Last night I went to see Dot, the California girl, and then we went to the show "Going My Way" which was a good show.

The only letter I had today was from Jean. She has been working out in the rain this week so she doesn't feel to [sic] well.

I'm going to call it quits for this time.

Your son,
Tom D
