England

Dear Mother,

yesterday I received your letter of the 12th. Today I received the Christmas cards that you sent me a letter from Ruth one from Louise Lord and 9 letters from you that were transfred from Oceana.

I have just came from a christmas eve program put on by some of the sailors here which was good.

The reason that I did not write to you yesterday was that I was working tomorrow is my day for liberty after work but I do not know whether will go anywhere or not last year this time I was in Spokane Washington. Tomorrow we will have a big dinner Imagine the Navy always does. May write again tomorrow.

yours son
Tom
