Dear Mother,

Yesterday I was very happy because I received some mail. Your letters of February 14th, 15th, & 24th were in the bunch along with one from Jackie, Ruth, and Jean (over here).

Julia spent a long time in El Paso before coming home this last time didn't she.

I hope that by now you are getting use to your new glasses and are not having any trouble with them.

[page 2] I still haven't been to the post office so do expect the money yet. The first chance I get though.

Your son,
Tom D
