Dear Gertrude,

I got your card this morning. It has been raining all night and all morning. It was lovely all day yesterday. We did have two pritty [sic] days this week. I go over to the 393 to mail call every day and I get mama's letter. So far I like the 308 better than the 393 but tomorrow Sunday and I will really find out how they are on passes. We have our final in Carbortion tonight and start test blocks Mon if I pass. I don't know what shift I will be on but I hope to get a day shift. I will write a letter Mon.

Norman
