

May 31, 1944

Dear Betty,

How are you enjoying yourself now that you have graduated from school? What are you planning to do during the Summer?

Mother told me in her letter of the 20th of May yesterday that you received the money order I sent to you. I sent her some [illegible deletion] Sunday or Monday one so she ought to get them before you get this letter.

Tonight there is a dance at the Red Cross so I might go up for a little while and fool around, it is my liberty night anyway.

You seniors must have had a pretty good time towards the end of school ill [sic] the dinners and suppers that were given to you.

Your brother,
Tom D
