Dear Mr. Herring:

We have had sent to the San Angelo Post Office a total of 1152 envelopes addressed to rural, star route, post office box holders. My information is that you have 958 rural and 194 star route box holders who are serviced out of the San Angelo office, making a total of 1152.

If convenient to you, I should appreciate having further information relative to the number of city box holders, city delivery, and the estimated general delivery recipients of mail there. I want this for reference purposes in the future.

Thanking you and with kind regards, I am

Sincerely yours,

O. C. FISHER.
