

Norma, Oklahoma
February 24, 1943

Dear Mother,

I did not receive a letter today. The first time for a long time. It is good to get letters all the time.

Today I went over to the hangar and traced some of the hydraulics on the planes. This afternoon we studied [sic] pumps.

Outside is [sic] was pretty cold all day. Tonight I don't have any guard duty on clean up detail so I think that I will go to a show. I don't know what is on.

This is some stationary is that Julia sent me.

Is Daddy liking his job. [sic] What does he have to do? Keep care of the [engines] as he did for Mr. Jessen.

I haven't much to say so I will close.

Your son,
Tom
