Dear Mama,

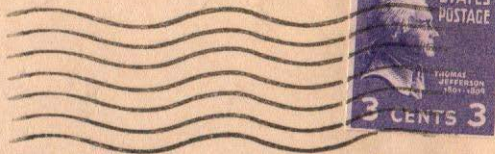

Yesterday was Sunday and a very busy day. Yesterday morning we had to sign to payroll. It was 10:15 when I got through. They wouldn't let me have a pass then. It was too late to go to church on the post so I went up and went to sleep & slept to dinner. After dinner I slept till they called us out with orders to move. Flight A, B & C were to move to new Sgds. They moved 185 of us to 308. We had to turn in our bedding & footlockers and put everything in barrock bags and move. Then we had to draw new beds & footlockers and unpack everything. It was 5:30 when I got moved.

I dressed and went to get a pass. They sent me back over to the 393 for a pass. When I got there they were lock up and I couldn't get one. I had two choices either to go back and go to bed or go to the past show. You know where I went. The show wasn't very good and the seats were hard and straight. I sure got tired. It was the first time I've been to the past show and the last time to.

The 308 S.S. is right at the edge of the field on the Biloxi side. We eat at the farther mess hall from us. We are as far from school as we can get. We have canvas cots to sleep on instead of steel beds like we had. I'm down stair instead of up. I don't think anyone liked the idea of moving. It has been cloudy & foggy several days. It mist or sprinkles nearly all the time. I got a Newgate & Time and there are no more news and I need to study.
