

October 26, 1944

Dear Mother,

Yesterday there were no letters from you for me but I did have one from Wyman and a very nice one at that. Up to date I have received two christmas packages from you and thanks very much for everything. Almost all of the cards have already been mailed. Don't forget to put that greeting in the paper sometime before christmas comes.

Last night there was a dance here at the Red Cross which turned out [page 2] to be pretty good. Some of the fellows on the base made up the band.

Today seems like it is going to be a very nice day and do I hope so because it is my day off and I am going into town. How has the weather at home been lately - turning a little cold I suppose.

I hope there is some more mail today.

Your son,
Tom
