

Dear Mama,

I got your letter written Dec. 11 a few days ago but I got some written since D[unintelligible] I got a letter from Waldene today but she didn't tell no news and I don't know any either. The days are getting longer again and it rains a lot but not as much as it did last year. I broke my watch and can't get it fixed here. I sure miss it. It is late and I don't know any news so I got to stop.

Love,
Norman
