

I am afraid Jim King and the rest of Company
"B" will get in a very bad snap. I got a letter
a few days ago from Lt Mason, he said they
were all posted absent without leave.
I know that Williams cannot get his company
off unless all of the Trip Companies get off -
and not much prospect of that - Williams
is a rascal & will get the boys into it - if they
don't look sharp - If they are sent after or
taken up down there they will be
treated as deserters - They had better act
quickly -
