Dear Red, Thanks for the kind words.
The good job we have done is because we had a
lot of people that opened up their pocket books.
I am very proud of what the comm. has done & I
just wish every one could go see our monument.

Hope you enjoy the Plate.

Am sending you a bunch
of photos that have come from
other papers. You might
coll. your paper & get them
in a story.

When you come to the Valley
Come by. Try to be in OK City.
John
