Dear Mother,

Sunday afternoon I went in and came back Monday night Jean had to work Monday so I spent the day at home.

Jean does not know when she will be coming home. They have temporalie [sic] stoped [sic] sending wifes [sic] to the states. It may not be very long and it might be four months or longer. I hope that it will be sometime soon. I have one more paper to get fixed up for her and about all she will be waiting on will be [page 2] transportation. How did you like the pictures. [sic] Not very many people get pictures of their wedding like that do they?

I received the photo ablum [sic] from Julia last night. I have it filled up with photos already.

Your letter of the 19th came yesterday so you see how the mail runs. You can't ever tell what letter you are going to get.

Your son,  
Tom D

I send [sic] Julia a couple of pictures.
