Dear Mother,

Today I didn't get a chance to go by and see if I had any mail, so I do not know whether I had any or not.

When I went to London last week I really did have a good time. Places such as St Pauls' Cathedral, Westminster Abbey, London Bridge, Buckingham Palace, and many there were very interesting to see and go through.

Mother if you can get any #2 Browney Camera film will you please send them to me. Jean has a camera and we want to take some [page 2] someday when it is a nice day and we happen to be together.

How is Betty getting along in school? I imagine that she is getting anxious to finish.

I haven't sent the money to you. As yet I haven't had a chance to go to the Post Office. Sometime soon I will though.

Tomorrow is my day off and I think that I will go to town but I do not know for sure. I'll probably fool around the red cross and then when Jean gets off work go to a show.

Your son,  
Tom D

P.S. Tell Daddy I am really sorry that I did not at least write to him on his birthday.
