Dear Mother,

Today your letter of the 23rd came. Only six days. That is the best I have received a letter in in [sic] quite awhile.

Jean is writing to you again this week I think. She doesn't know much to say.

I didn't get the package you sent which had the 4 rolls of films in it in December, but I believe the one you mailed in January was the last one I had.

[page 2] I'll be looking out for the other one with the things for Jean in it.

Yes mother Jean sews and is very good at it. Most of her work is by hand as she hasn't a machine. She has knitted a lot of clothes for her sister's baby.

Its [sic] beginning to rain again. I'm going to close and answer another letter.

Your son,
Tom D
