

Dear Mama,

I got the paper dated April 7 today. I haven't had much time to read it. It don't get dark until about 10:45 now and we have had very pritty [sic] weather. I haven't seen Fred Sharp for a good while but I'm sure he is still here: you should have the pictures by now. I was hopping [sic] you would get them by Mother's Day. We got a good radar in my hut and and we got some good programs. I'm getting just like an Englishman except I still don't like tea but I can drink it when it don't have sugar in it. I got a better from Jr. Gibbs but I have not answered it yet. His APO is the same as mine.

Love,
Norman
